

South Korea promotion reports

O-BIC conducted promotion activities to attract advancement to Osaka in Seoul, Korea, from September 25 to 27, 2017.

Participated in "Why Japan? Japan Investment Environment Symposium" sponsored by the Japan External Trade Organization (JETRO) on 26th, investing more than 200 Korean companies to Osaka's competent life sciences and IT field investment PR, environmental, preferential treatment and advancing cases. In addition, at the individual consultation meeting and exchange meeting held after the symposium, we interview individually with about 40 Korean companies, and we will provide detailed information on industry information of interest, O-BIC support contents, procedures for establishing the company etc. We responded to consultation.
