- **One-on-One Partnering:** 3,900 Companies and 46,916 partnering (a 13% increase from last year)

Activity Content:

By setting up an O-BIC booth, engaging in partnering, and by receiving visitors as well as by visiting other exhibitors, we interacted with approximately 85 companies regarding Osaka's life science industry predominance as well as its latest trends, and in addition to introducing O-BIC services, we held hearings about partnership requests with Japan and Osaka business, gauging interest in its advancement and more, with a plan to conduct ongoing follow up.
