

## 2024 Osaka Online Tour

### O-BIC Presents: Why Expand Your Business into Osaka

We are delighted to announce that Osaka Business and Investment Center (O-BIC: jointly established by Osaka Chamber of Commerce and Industry, Osaka Prefecture Government and Osaka City Government) will host the **“Osaka Online Tour” on February 26, 2025**. This online event will showcase the latest business environment in Osaka and provide insights on starting a business in the city.

Osaka offers golden opportunities for businesses, particularly through major projects such as EXPO 2025.

This time, we will share information about **GRAND GREEN OSAKA (Umekita area)**, located in the center of Osaka. GRAND GREEN OSAKA is a groundbreaking urban development centered around a large urban park, directly connected to JR Osaka Station, the largest terminal station in western Japan.

This innovative area features an ecosystem where lush seasonal greenery and diverse wildlife flourish under the open sky. As the city’s innovative initiatives and the creativity of its people come together, GRAND GREEN OSAKA will become a vibrant, sustainable, and creative hub. We are also excited to introduce **FUTRWORKS**, a dynamic coworking space operated by Hankyu Hanshin Properties. Additionally, we will host a specialist in company registration to explain how to establish a business in Osaka. We look forward to welcoming you to this “Osaka Online Tour”. Don’t miss this informative and convenient opportunity!

#### <Program Outline> ※Simultaneous interpretation in Japanese and English
